Productive Workplace Solutions

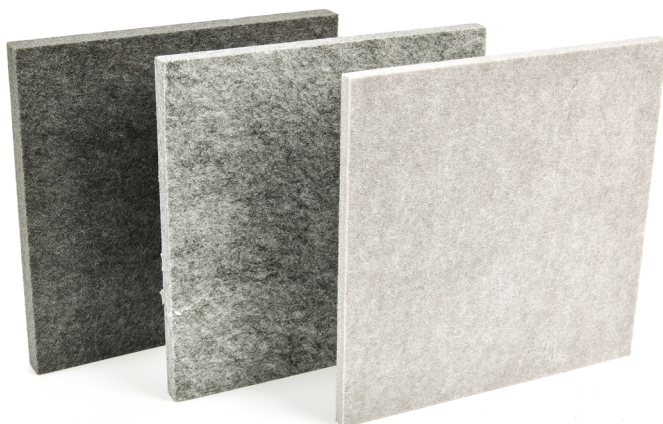

Superior Felt provides high quality acoustical panels that are fiberglass and VOC free. Our SAF (Sound Absorption Felt) panels are 100% polyester panels designed to meet your sound absorption and acoustical needs. Panels consist of at least 60% recycled material and can pass most standard acoustical and flammability standards.

Problem Solving - Architectural Designer Board

Standard Colors:

Ash
Black
Charcoal
Smoke
White

*Custom colors available for large order quantities
