

# Automotive Technical Felts

## Sunburst 1000 Series Felt™

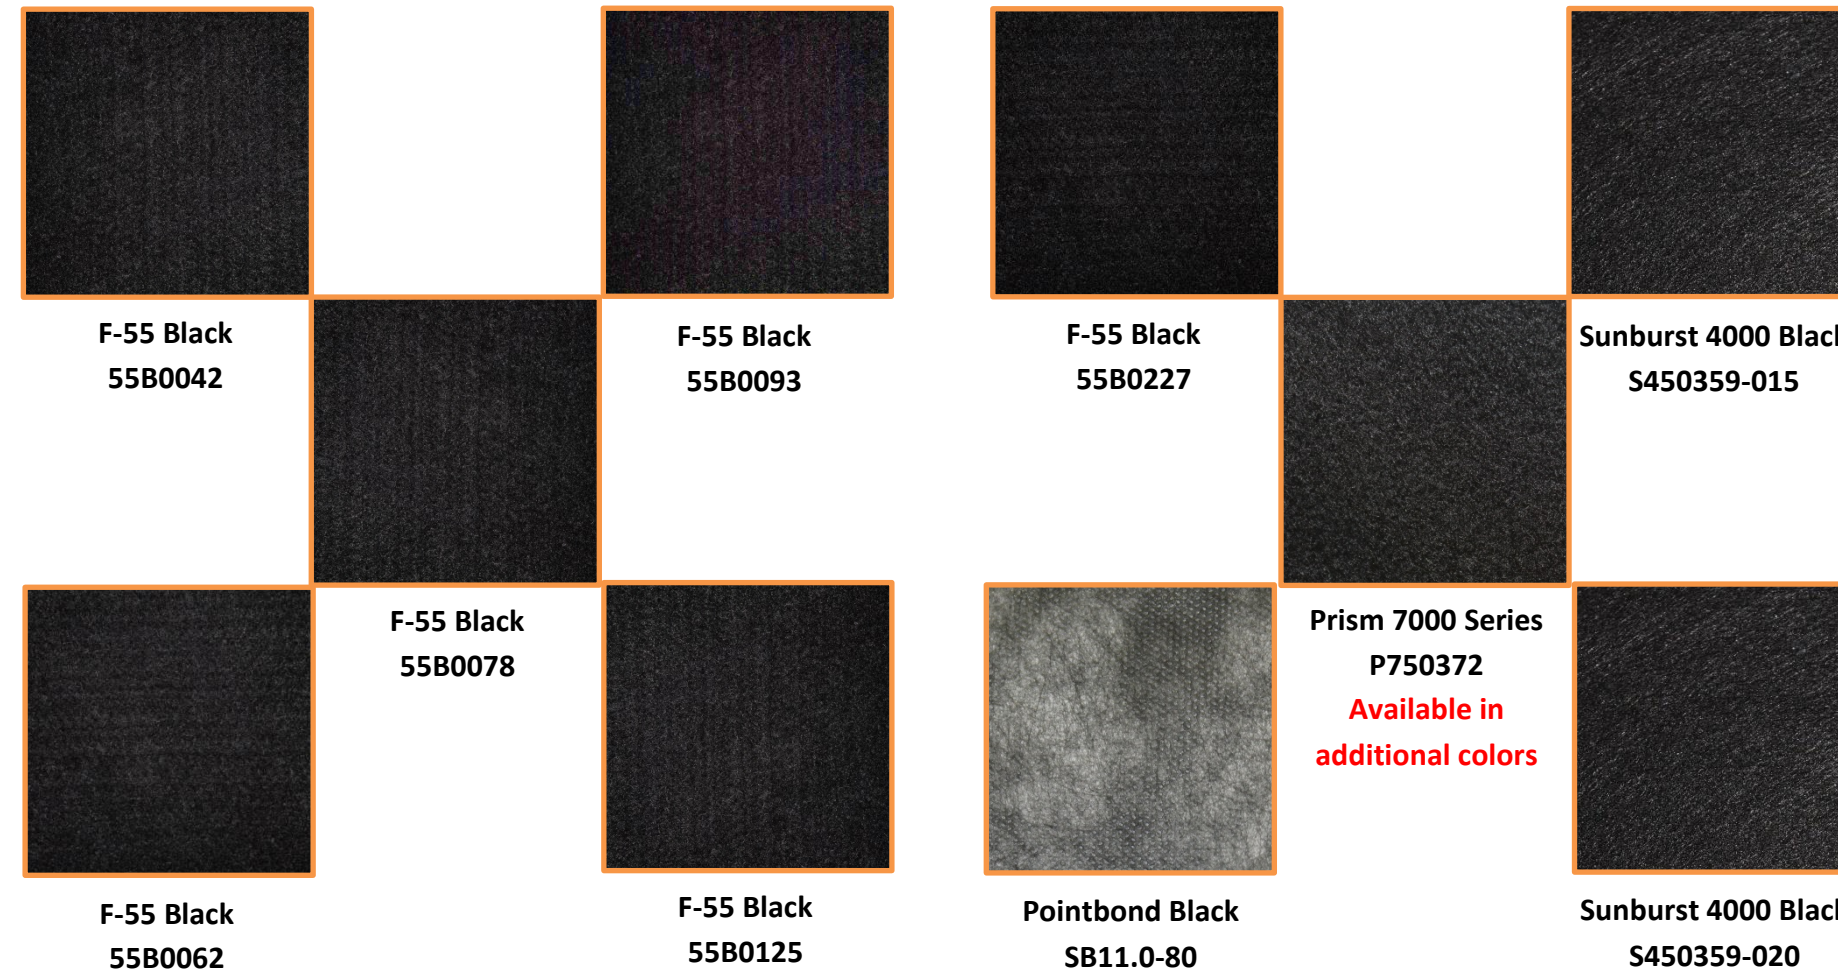

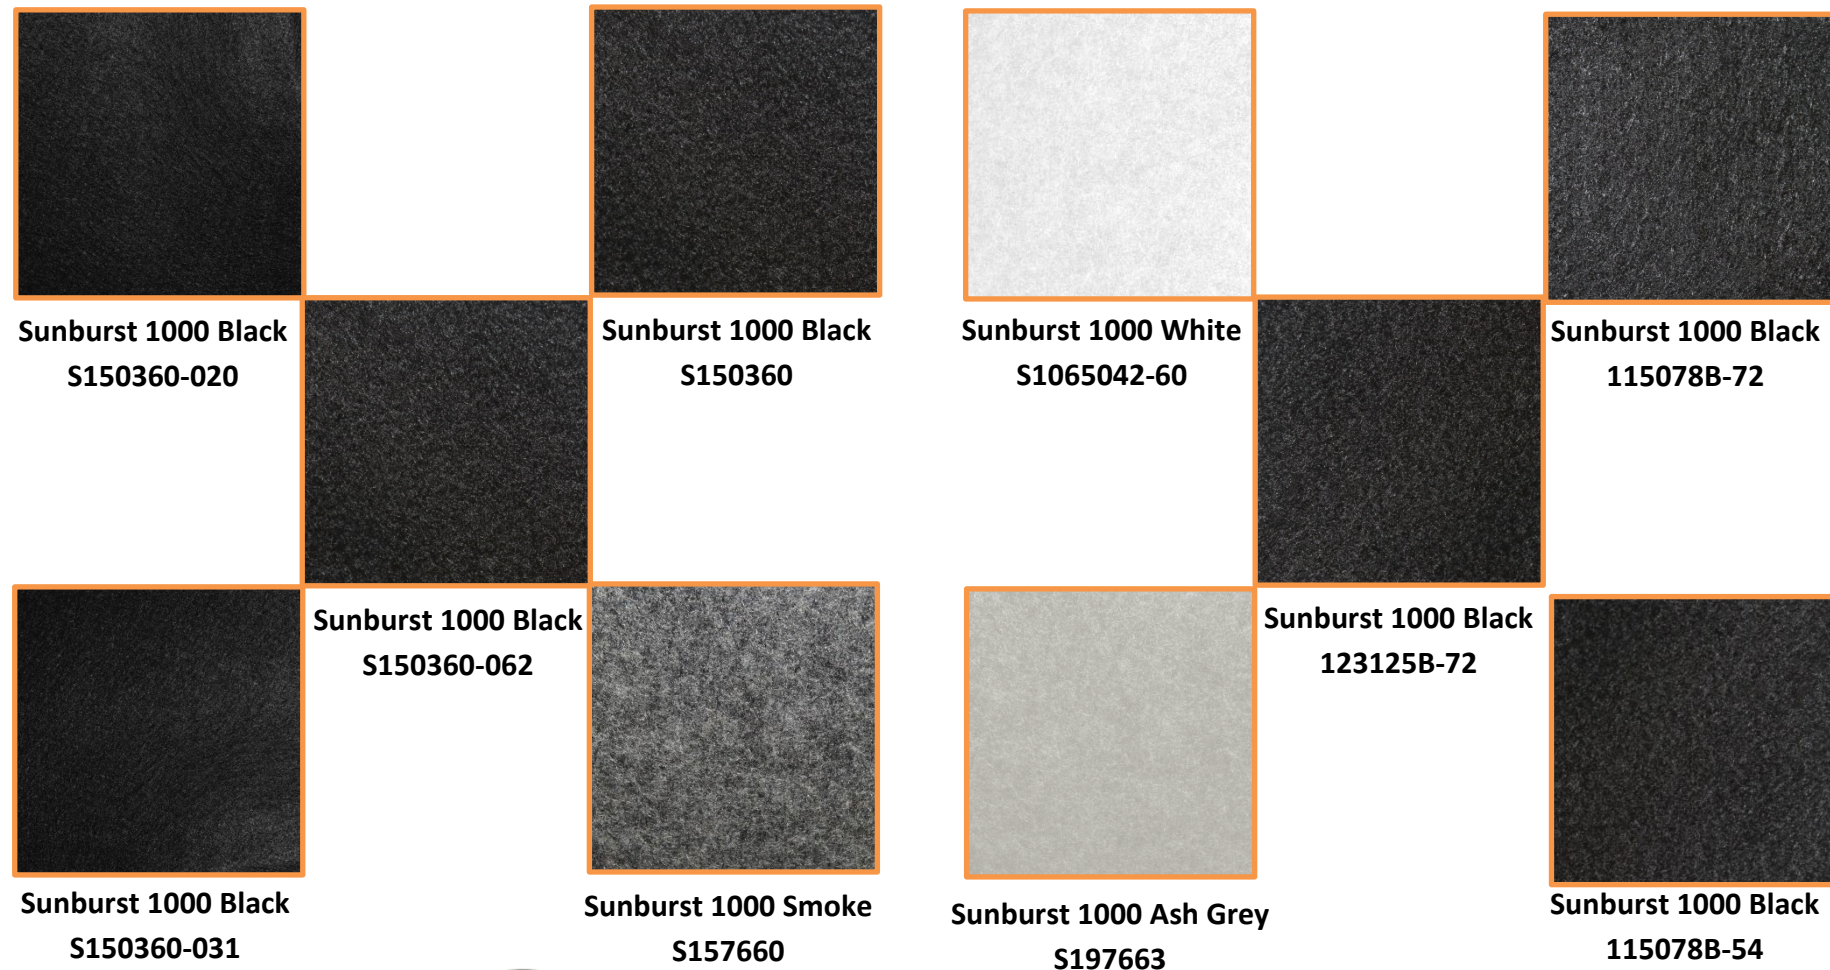

## F55B & Prism Series Felts

Automotive grade – FMVSS302

SAE U.S. Federal Specifications C-F-206G

Application: Anti-Squeak, Anti-Rattle, Anti-Buzz (NHV)

Please note: The color charts on this page may not show the exact color. Contact Superior Felt & Filtration for more information.

### Felt Features & Applications

- Seating, headliners, gaskets, dust shields, door panels and other interior components
- Cost saving alternative to Himelon and Flock
- Meets most non-woven automotive specifications
- Environmentally Friendly
- Non-woven fabric will not stretch, fray, or unravel
- Resists stains, mold, and mildew
- UV protected and color fast
- High resistance to chemicals, salts, acids and alkalis
