

# SUPERIOR

Felt & Filtration

## Exhibit Felt

Superior offers excellent display and crate felt protection for the Tradeshow/Exhibit industry. Our 100% white Polyester felt coils with pressure sensitive adhesive (PSA) are specifically designed to peel and stick to a variety of surfaces for protection, safety and padding.

Superior Crating Coils come in multiple widths and thickness styles for every problem solving solution. All of our crating felt is available with or without adhesive (PSA). Just peel off the protective backing and then apply with pressure (PSA version). It is that easy!

Other widths and colors  
available upon request

Exhibit Felts Coils		
Width	Thickness	Length
1"	.125"	100'
1.5"	.125"	100'
2"	.125"	100'
2.5"	.125"	100'
3"	.125"	100'
1"	.125"	100'
*1.5"	.250"	50'
2"	.250"	50'
